

Our European Trained, CIDESCO Certified, Skin Care Specialists at Buckingham Plastic Surgery offers medically directed skin care treatment and products under the guidance of Board Certified Cosmetic Plastic Surgeon Michael A. Giuffrida, MD. Every skin care treatment at Buckingham Plastic Surgery includes an extensive massage of the face, neck and décolleté, as well as a hand and arm massage. We will create a custom skin care regime for your personal home use after each treatment.

Service Menu

Skin

European Facial

A good choice for any skin, this treatment combines skin-type specific cleansing, exfoliation, extractions (manual pore cleansing) if necessary and an individualized treatment mask chosen to suite and soothe, with some strategic shoulder and neck massaging. \$100

Refresher Facial

A lunch time or end of day treat to refresh and soothe stressed skin, using a rejuvenating masque followed by medical grade serums. \$55

Teen Skin 101

A 45 minute facial to deep cleanse, exfoliate, hydrate and protect. Medical extractions included when necessary. Emphasis on education and techniques. Consultation included. \$65

Microdermabrasion

Using fine crystals the skin is gently resurfaced improving imperfections with no down time. Treatment also includes a full clinical facial appropriate for your skin's needs. A series is recommended. \$125 Package of 6 \$660

Dermaplaning/Micropeel Facial

Clinically correcting treatment using enzyme or dermaplaning followed by chemical exfoliation to minimize hyperpigmentation, fine lines, dry skin, and pore size. Appropriate for dry, environmentally

damaged, oily and prematurely aged skin types. Treatment also includes a full clinical facial appropriate for your skin's needs. \$100 Package of 6 \$500

BioMedic LHA Peel

Appropriate for both environmentally damaged and acneic skin. This treatment produces mild flaking to uncover newer, healthier skin. Treatment also includes a full clinical facial appropriate for your skin's needs. A series is recommended \$110 Package of 6 \$625

Illuminate Peel

This non-invasive, very superficial Peel utilizes a novel approach to chemical peeling with a newer generation of alpha-hydroxy and commonly used peeling agents to maximize skin rejuvenating effects with low irradiation. Treatment also includes a full clinical facial appropriate for your skin's needs. \$135 Package of 3 \$360

Vitalize Peel

The Vitalize Peel helps fight the effects of time, sun damage, and environmental assaults. The powerful yet non-damaging peel can take years off aging skin. Results are predictable and noticeable after just one peel. Treatment also includes a full clinical facial appropriate for your skin's needs. \$150 Package of 3 \$405

Pre & Post Op Facials

These facials help to prepare the skin so that it enters the procedure at its optimal health and functioning as well as post surgery maintenance to help promote the healing process. These customized facial treatment help enhance successful results of the procedures. Package of 6 \$660

PhotoFacial

A full clinical facial incorporating IPL (Intense Pulse Light) to treat sun/age spots and vascular lesions (spider veins). A series is necessary.
